

Integrating Technology within the Curriculum

West Bolivar Summer Technology Institute

Final Presentation Guidelines

Each participants will be given 5-10 minutes to present his or her lesson.

We know that you will not have your projects completely finished but we would like to use this time so other participants can hear what you are doing.

When presenting to the group about your lesson, please be prepared to discuss the following items:

- Briefly describe your lesson
- How does the technology add value to the lesson you have developed?
- What type of support do you think you will need?
