

Lewisboro School District Sample Vision Statement

It is the vision of the Lewisboro School District that through the effective integration of technology in all aspects of the educational experience, our members will develop the skills and attitudes necessary for meeting the challenges of the 21st century.

Technology tools will be used throughout the educational community to access to a broad range of resources and opportunities in support of teaching and learning. Teachers in our district will benefit from ongoing professional development and will demonstrate proficiency in meeting all technology standards. All teachers, administrators, and students will enjoy safe and secure access to the equipment, network infrastructure, and all resources necessary to support teaching and learning.
